SUMMARY

Computer Science undergraduate at Chitkara University with a basic understanding of full-stack web development, Java, SQL, JavaScript, and Data Structures & Algorithms. Familiar with modern web technologies, databases, and RESTful APIs through coursework and projects. Continuously improving my problem-solving and programming skills while learning scalable software development practices. Passionate about learning new technologies and contributing to real-world applications.

EDUCATION

Chitkara University

Bachelor of Engineering in Computer Science CGPA: 9.05/10

Rajpura, Punjab

2024 – Present

- **Relevant Coursework:** Data Structures & Algorithms, Database Management Systems, Operating Systems, Computer Networks, Software Engineering.

Gurukul Global School

Senior Secondary Schooling Aggregate: 82%

2023 – 2024

Gurukul Global School

Secondary Schooling Aggregate: 88%

2021 – 2022

PROJECTS

GoCab - Cab Booking Website | *React.js, Node.js, Express.js, MongoDB, JavaScript*

- Developed a full-stack cab booking web application using the MERN stack.
- Implemented separate dashboards for customers, drivers, and administrators.
- Integrated REST APIs for booking management and user authentication.

CricketVerse - Cricket Management Platform | *React.js, Node.js, Express.js, MongoDB*

- Built a responsive full-stack cricket management and fan engagement platform.
- Designed player profiles, match information modules, and scalable application architecture.
- Focused on clean UI and future-ready application design.

Smart Blind Jacket | *Arduino, ESP32*

- Designed a smart wearable jacket for visually impaired users using Arduino/ESP32.
- Integrated ultrasonic sensors, GPS, and voice alerts for obstacle detection and navigation assistance.

Solar Tracking System | *Arduino*

- Built an Arduino-based solar tracking system to maximize solar panel efficiency.
- Used LDR sensors and servo motors to automatically track the sun's movement.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript, SQL

Web Development: HTML, CSS, React.js, Node.js, Express.js, MongoDB, REST APIs

Database: MySQL

Operating Systems: Linux Administration

Soft Skills: Adaptability, Teamwork, Effective Communication, Time Management, Problem Solving

Languages Known: English, Hindi

LEADERSHIP & ACTIVITIES

ISTE Student Chapter & IEI Media Team

- Served as an Organizer for the ISTE Student Chapter.
- Worked as an Executive Member of the IEI Media Team.
- Contributed to planning technical events, workshops, coding activities, and social media content creation.

ACHIEVEMENTS

- Secured **100/100** in the AI Masterclass at Chitkara University covering Artificial Intelligence, ChatGPT, DeepSeek, Grok, and the Metaverse.
- Solved **150+** **LeetCode** problems and earned the 50-Day Coding Streak Badge.

CERTIFICATIONS

Red Hat: System Administration II (RH134)

NASSCOM Foundation: Introduction to Docker and Kubernetes

Coursera: Cybersecurity for Everyone, Machine Learning, Google Prompting Essentials Specialization

Infosys Springboard: Basics of Python
